EXPERIENCE

Fabrication Intern at Advent Nashville, TN Summer 2018

Assisted Project Managers/Project Engineers with the completion of their timelines

Coordinated with architects/general contractors during the implementation of client projects.

Reviewed production documents and shop drawings for accuracy.

Selected samples to accurately color match project elements.

Intern Gooru Redwood City, CA Summer 2015

Participated in informational sessions held by members of Gooru revolving around content research, community outreach, and product design.

Involved in the operation of a start-up company in Silicon Valley.

Gained further understanding of how the Educational Technology space implements various digital mediums to better learning.

ENGAGEMENT

Summer Engineering Institute at Georgia Institute of Technology Atlanta, GA Summer 2014

Worked with a group of engineering students to create a project centered around Elon Musk's Hyperloop Plan.

Researched and designed our own Hyperloop system.

Presented final project to representatives from the Georgia Institute of Technology, General Motors, and Bank of America.

Learned and practiced how to code for Arduino and Circuit Board Construction.

Acquired knowledge about transportation planning

Engineering Possibilities in College at Cal Poly SLO San Luis Obispo, CA Summer 2013

Built model rockets and tested materials for a prosthetic leg for a cat.

Attended seminars from representatives from Raytheon and Johnson Controls.

EDUCATION

San Jose State University B.S. Industrial Design

GPA - 3.94
IDSA Member
Women In Design Social Media Team
Phi Kappa Phi Honor Society

Foothill College Major - Industrial Design

GPA - 3.71
September 2015 - June 2017
Women in STEM Founding Member
Future STEM Leaders of America
Founding Member
